Dentist : What's wrong today?

Kenta : My right back tooth hurts when I drink something cold.

Dentist : Well then, open your month. I see.

Dentist : You have a cavity at the far upper right.

Kenta : Really?

Dentist : OK, now, I'm going to take a little out. Raise your hand if it hurts.

Dentist : ...What, it hurts? Well, let's give you anesthesia.

Dentist : You'll feel a little prick.

Kenta : Ah, ahhh, ahhh.
